

## WHAT'S IN STORE AT THE WAREHOUSE FOR THE 2011 - 2012 SEASON

EXPERIENCE  
intense  
intimate  
THEATRE... AT  
unexpected  
PRICES!

### AUGUST 26 - SEPTEMBER 10

Ovid's Metamorphoses chronicles myths of the Ancient Greeks. In 2002, this stage adaption by Mary Zimmerman brought these immortal stories to a contemporary audience. Experience the flood of Ovid's work as it comes to The Warehouse Theatre. This sleek set places the action in and around three feet of water. Funny, thoughtful and stylishly beautiful, these timeless stories come to life and are surprisingly contemporary.

### OCTOBER 14 - 30

An award winning Broadway play before it was a movie, this tale of compassion and grace tells the true story of John Merrick, an extremely deformed and abused freak show attraction, as he reclaims his humanity.

No prosthetics are used to evoke "The Elephant Man" in this stunning piece of theatre.

### DECEMBER 2 - 17

Join Charlie Conlon and Jake Quinn on set of a Hollywood film on location in County Kerry, Ireland. Through the lens of these two men you meet a host of filmmakers and local characters in this riotously funny comedy. Stones is the rare play that loves to have a rollicking good time while delivering a powerful dose of humanity. Themes of real life vs. reel life, this social commentary is as funny as it is universal and significant.

### JANUARY 27 - FEBRUARY 18

STARRING WILL RAGLAND AS THE EMCEE AND  
KATIE ROCKWELL AS SALLY BOWLES.

Wilkommen to pre-war Berlin, willkommen to Cabaret.

"What good is sitting alone in your room? Come hear the music play. Life is a Cabaret, old chum. Come to the Cabaret."

### MARCH 16 - 31

Shakespeare. Shylock. Greed. Revenge. Love and betrayal. This seldom seen play by the finest playwright to grace this earth, has seen numerous revivals of late. Come see why this story of an Italian merchant and the courting of his love is a perfect story for us to remember today.

### APRIL 27 - MAY 12

This adaptation of Hitchcock's masterpiece is a combination of pulp fiction, spy thriller, Monty Python skit and faced-paced whodunit. With more than 150 characters (cast of 4 actors), a plane crash, a high speed train chase and some good old fashioned romance, this wildly inventive play is pure pleasure!

### JUNE 8 - 23

STARRING SHIRLEY SARLIN

In the Yonkers New York sweltering summer of 1942, two brothers are sent to stay with their grandmother, played by Shirley Sarlin. This coming of age comedy is the story of Jay and Arty and the ten months they learn about life, love and Loyalty. 1991 Pulitzer Prize winner!

## Note from the Artistic Director:

It has been a great pleasure to meet, get to know, work with, and "stress out" over this concert with a wonderful group of dedicated men who simply love to sing. We're not all professional singers, some of us cannot read music, but the love of music has brought us together and brought a shared joy into each of our lives. We hope that joy is evident in our presentation to you tonight, and that you'll leave here with at least a lighter step, perhaps a smile on your face, and hopefully a song in your heart! ENJOY!!
